

## **DOWNTOWN TORONTO (2019)**

Blue Jays + Science Centre + Medieval Times.

Caroline, a single mom of two boys ages 16 and 13, was diagnosed with metastatic Breast and bone cancer.

Unable to travel far, Caroline chose the city life for four days with her children who had never been to a city.

They started their trip at a luxury downtown hotel to relax a bit. Their first excursion took them to Toronto Castle to enjoy the Medieval Times dinner tournament show....a feast with the Knights. Nothing like eating with your fingers!

They explored the Eaton Centre, Ontario Science Center and little cafes along the way.

What could be better than going to watch her favourite baseball team.

Caroline and the boys were picked up and taken to Jays stadium where they had premium seats to watch the Jays play Tampa. Caroline was so thankful to have had the opportunity to spend these special moments with her boys as they all came home with wonderful memories.

We want to thank Dignity transportation for their prompt and respectful driving service that they graciously donated for Caroline and her boys.

With her anxiety, Caroline said she had never felt so safe and respected.
